

Members of the Judiciary Committee,

I am in absolute opposition to the Judiciary Committee Raised Concept H.B. 6335: AN ACT  
CONCERNING RISK PROTECTION ORDERS OR WARRANTS

H.B. 6335 is a horrible bill that targets gun owners by stripping them of their 2nd, 4th and 14th  
Amendment rights. It is unbelievable that we even must have this discussion in America!

Respectfully,

Anthony Sorrentino
